University Mission and Goals Initiative Award, 2005-2006 with Tom Klammer and Phil Gianos. \$30,000

Administrative, and other Selected Leadership Positions

Chair, Division of Politics, Administration, and Justice, CSUF. 2012-2015

Chair duties included overseeing three different departments offering five different degrees including both undergraduate and graduate degrees in Political Science, undergraduate and graduate degrees in Public Administration, and an undergraduate degree in Criminal Justice. The Division has 31 full-time faculty and roughly 1700 majors.

Specific duties included coordinating scheduling, budgeting, and personnel evaluations of all full-time faculty, part-time faculty, and our 4 full-time Division staff team members. During my tenure as Chair, I worked with our program coordinators to institute several new initiatives including the Division's first assessment plan, budget reforms, and revamping our advising techniques. In addition, I coordinated with faculty to re-envision our pedagogical approach to the large Introduction to American Government courses, developed a local *OC Fellows* program for local internships and service learning, institutionalized outreach to our emeriti and alumni, and worked with University Advancement to build Division fundraising capabilities including two new endowments to support Division activities.

Administrative Fellow, Office of the Dean of Humanities and Social Sciences, CSUF. Fall, 2011.

My assignment was to develop a plan and build the infrastructure required for the Cal State DC Scholars Program to become a fully College-wide program to eventually grow into a multi-campus program. This included building a structure to incorporate students, faculty, University Government Relations, and University Advancement into a plan to establish a curriculum, a faculty selection process, strong working relationships with a wide variety of internship offices in D.C., and sufficient outside financial support to fund the program. The program has been highly successful with a growing number of campuses and students involved in these experiences. We also established and continue to build an endowment to provide a stable financial base for the program.

Founding Director of Cal State DC Scholars Program. 2005-2017

In cooperation with the Dean's office and our alumni, I helped create and serve as Founding Director of the *Cal State DC Scholars Program*. The program started as a summer only program and has grown into a program for both the summer term and the spring semester. The program has expanded to include students from a wide variety of majors across various colleges at CSUF and to include students from other CSU campuses including Northridge, Dominguez Hills, San Marcos, Sonoma, Chico, San Francisco, San Diego, and Pomona.

As Founding Director, I am responsible for programmatic issues, developing and implementing a plan to prepare students for their experiences, outreach to D.C. offices, and collaborate with University Advancement for fundraising to support the program and give financial assistance directly to the students. Over 400 students have participated in the program over the years and we have built a strong and supportive alumni network both on the west coast and in Washington, D.C. as a result of the program. This role provided me with opportunities to work with the greater University community such as our Office of Government Affairs, University Advancement, Associated Students, and a wide variety of governmental and non-governmental offices in Washington, D.C.

Academic Senate, CSUF. 2009-present. Chair of Academic Senate 2017-2018

I was elected to both the CSUF Academic Senate and the CSUF Academic Senate Executive Committee (at-large) in 2009, served as Vice-Chair of the Academic Senate in 2010, and as an at-large member of the Executive Committee in 2011. I was then elected as one of our campus representatives to the Academic Senate CSU in 2012 and served until 2014. I

returned to the Senate to fill an unexpected vacancy on the Academic Senate CSU in Spring 2016 and was subsequently elected as Vice-Chair of the campus Academic Senate for the 2016-2017 Academic Year. I was recently elected as Chair of the Academic Senate for the upcoming year.

During my work on the Senate I served as a liaison to the following campus and statewide committee and task forces. As a result, I have learned about and helped shape a wide variety of University initiatives ranging from curricular issues, personnel, fundraising, student activities, community engagement, high impact educational practices, and budgetary issues.

Statewide

- Fiscal and Governmental Affairs Committee
- Academic Technology Advisory Committee
- Services to Students with Disabilities Advisory Committee
- CSU 3 Million Alumni Campaign Committee
