ICC Leadership

Every month we will highlight one of the officers of the HSS-ICC. This month's officer is Diana Pena, the HSS-ICC Chair.

I'm a graduate student in the History department, and I'll be graduating with my M.A. in May. I'm in my second term as Chair of the HSSICC, and I've been on the

council for 3 years. I attend Executive Senate meetings and go to the

Board of Directors meeting 4 times a year. Basically I help the reps of the councils get their paperwork in so they can get their money for conferences or honorariums. In my spare time I'm a sports nut, especially baseball and college football, and I have a kid who is pretty cute.

ICC Leadership Positions Available!

The H&SS Inter-Club Council is actively recruiting students interested in advancing their leadership skills and experience. The HSSICC is dedicated to the academic growth of CSUF students and funds extra-curricular activities that promote CSUF and ASI throughout the academic community.

10 Questions with Cassandra Damron

1) **What is your major?** I am currently a Psychology major.

2) **What year are you?** I am a senior in my last semester before graduating with my BA in Psychology.

3) **Which campus clubs or organizations are you a member of?** I am very involved with the Psychology Department Student Association (PDSA).

4) **What is your favorite thing about CSUF?** I love the students I meet on campus. I've developed so many new friendships since I transferred in.

5) **What is your favorite class?** My all time favorite class was Abnormal Psychology. You just get to learn so much about the full range of psychological dysfunctions.

6) **Who is your favorite professor and why?** That's a tough decision; we have so many great professors here at CSUF it's hard to choose! It is a very

close tie between Dr. Steve Miller and Dr. Barbara Cherry.

7) **What are your career goals?** My primary career goal at this time is to attain a Marriage and Family Therapy license and become a practicing clinician. Once I have gained more experience in the field I plan to pursue a Ph.D. in Clinical psychology.

8) **Would you like to study abroad, and if so, where?** I would like to study abroad in India or the Middle East. I am very interested in learning more about other cultures.

9) **What is one thing you would like to change about this campus?** That's an easy one. I would build more parking structures! If you've been a student here for even a week you'll understand why.

10) **If you could meet any person (living or dead) who would it be and why?** Sigmund Freud. So we can put him into therapy for the mom issues he obviously had! (Joke!)
