Delegation Presentation

**WHEN:** March 23 @11:00am-1:30pm

For the past four years, Arizona Superintendent of Public Schools, Tom Horne, and the Arizona State Legislature have relentlessly attacked the Tucson Unified School District's (TUSD) Mexican American Studies Department (MASD). Tom Horne and the Arizona State Legislature have accused that Mexican American Studies classes are: "promoting the overthrow of the United States Government; promoting resentment toward a race or class of people; designed primarily for pupils of a particular ethnic group; and advocate ethnic solidarity instead of the treatment of pupils as individuals"

Co-sponsored by CFA, Afro-Ethnic Studies Department, Asian American Studies Program, and the Chicana/o Studies Department
