Research Projects

- "Gender Bias in Blinded and Non-Blinded Hiring" (Upcoming- Principal Investigator)
The goal of this research is to explore whether or not there is a difference in gender bias during the hiring process when potential employers have blinded and non-blinded resumes.

“MPA Experiential Learning Study” (Principal Investigator)

The goal of this research is to understand the impact of experiential learning opportunities like internships and the City Management Fellowship Program on the student experience and both academic and professional outcomes.

“The Gig Economy and The Labor Market.” (Principal Investigator)

The goal of this research is to understand motivations for participation in the gig economy, the implications of the gig economy for the efficiency of the labor market, and gender differences for gig economy participation.

“ The Impact of Learning on Discount Rates.” (Principal Investigator)

The goal of this research is to understand whether or not short-term interventions can have an impact on an individual’s discount rate.
