- A. Students for Quality Education – Presentation on Joining the Council  
Geography Club motions to open line item A of new business, seconded by LSPA.

SQE: Students for Quality Education, we have been highly active as public speakers during council meetings. We are glad that we can now be officially a voting member of the council.

Questions:

What prevented registration before? We registered in November, but we were unable to until this Spring.  
From ASA – will you use funding from ICC? No, funds will come from CFA (California Faculty Association).

Discussion:

Philosophy – what are the implications of SQE joining?  
CPHA – good that they are highly involved, spread awareness of the council through prior events  
Geography – SQE should be held to standards of other ICC clubs

ASA – rep is a member of SQE, they provide a platform and supportive environment for social engagement.

Dania – they provide added benefits for members. Can personally attest to their involvement.

Jesse – Lots of activities initiated by SQE (rally against tuition increase, Unity Block Party), confident that they will contribute greatly to the council

Lizzie from CJSA has been coming since last semester, wants to be officially part of the council. She has contributed time and honesty (making sure packet looks good), has attended every meeting last semester and wants to contribute to the council.

Questions:

ASA – CJSA is progressive given that many of its students are interested in law enforcement and their guest speakers have all focused on helping disenfranchised populations.

CPHA – Coffee with a cop funded by ICC last semester? Yes, through sponsored rep.

Discussion:

Philosophy – Great opportunity for interdisciplinary discussions

Geography – CJSA very big org, trying to join again and making the effort shows their character.
