

Gender and Sexuality Track (21 Units)

Are you interested in exploring the complex interplay of gender identity, sexual orientation, and psychological development? Or understanding how societal norms and cultural factors shape our perceptions of gender and sexuality? Then, the Gender and Sexuality track in the CSUF Psychology Department is for you!

This specialized track offers an in-depth exploration of topics such as:

- Gender identity formation and expression
- Sexual orientation and its psychological implications
- Intersectionality of gender, sexuality, race, and culture
- LGBTQ+ psychology and mental health
- Gender roles and stereotypes in society
- Sexuality across the lifespan

This track is ideal for those considering careers in clinical psychology, counseling, social work, or research focused on gender and sexuality issues.

Required (choose 2 or 3 courses; 6 or 9 units):

PSYC 310 - Psychology of Gender (3)
