

**Welcome to Cal State Fullerton – Meet us virtually on April 17, 2021 at the Experience CSUF:  
Become a Titan! event**

All of us here in the History Department are excited to welcome you to Cal State Fullerton. We can't wait to see you in our classrooms, talk to you in our offices, and show you all the ways in which history makes sense of the world, enriches your lives, and builds your careers.

Here at Cal State Fullerton, we help you think beyond your graduation and prepare you for meaningful professional lives afterwards. From archives, museums, national parks and schools to all levels of government, media, business, and law - our alumni work in almost 100 different careers.

At Cal State Fullerton's Center for Oral and Public History, you have the chance to learn historical fieldwork at one of the nation's leading public history research centers. In addition, we currently place our students at over forty different internship locations. To find what you can do with a Titan History degree, follow this link:

In the College of Humanities and Social Sciences, the Student Success Team provides you with resources and academic advising. The student success team also provides you with important information on things like our study abroad and the D.C.
